EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Response to Amendment

1. Applicant's amendment, filed on December 11, 2006, has been fully considered and entered.

Reasons for Allowance

2. Claims 1-7 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest all the limitations recited in independent claim 1. Specifically, the prior art of record fails to disclose or suggest an optical switch comprising a first region including a pair of light reflection surfaces that cross each other with a given angle; a second region including plural pairs of light reflection surfaces such that the neighboring light reflection surfaces cross each other with the given angle, wherein the first region and the second region are arranged on the front surface of the mirror member and along the moving direction of the mirror member in combination with the other limitations of claim 1.

Claims 2-7 depend from claim 1.

Art Unit: 2874

The examiner agrees with applicants' arguments on pages 5-6 in the remarks and fully concurs that Yokoyama et al. do not disclose an optical switch with all the limitations as defined above.

Claims 1-7 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
